

VACANCY

We currently have a rare opportunity for the post of -

MILLER & MAINTENANCE LEAD

Wednesday – Sunday

(plus some Mondays, Tuesdays, Bank Holidays and evenings)

Salary – SCP – 18-21 - £22,369 - £24,054 (Pro-rata)

The Eling Experience is a visitor attraction featuring the unique and historic Eling Tide Mill.

An extremely flexible approach is needed as milling is tidal dependent.

The ideal candidate will have a mechanical/engineering background and have been involved in operating and maintenance of machinery in a previous post. Full training will be given, and you will be required to regularly lift a weight of 24kg as part of this role.

You will also need good communication, IT and customer service skills as you will be engaging with the general public on a day-to-day basis. In addition, the possession of a full driving licence and local residency would be beneficial.

Hours are variable, March to September are 24 hours per week, Wednesday to Sunday. October to February 12-20 hours per week, with a six-week complete closure of the facility around the Christmas period. All hours are tide dependent, so flexibility is a requirement.

For further details visit our website at www.tottoneling-tc.gov.uk for an application form or contact Sadie Stringer, HR Officer on 02380 863138.

Closing date – 31st January 2024
