Dear Sir / Madam

NF1134 High Street, Totton – Drainage cleansing and CCTV survey works

As part of Hampshire County Council's annual Planned Maintenance programme, this letter is to inform you that we will be undertaking gully cleansing works in High Street, Totton from Junction Road to Eling Wharf entrance.

The works are programmed to start on 24th March 2025 and are expected to last for up to 2 nights during which time the road will be closed to through traffic from approximately 20:00 – 06:00 hrs. The road will be open outside of these hours.

Whilst there is an allowance within the time periods shown above for delays, there may be times when we have to postpone works at very short notice; based on the latest weather forecasts, this can occur just prior to works commencing. We will always look to provide up to date information wherever we can, but sometimes these last-minute decisions can be difficult to relay to the travelling public in a timely manner. **When we can, any significant changes to the scheduled dates will be made clear on the yellow sign boards located at the works limits.**

As a resident/business, you are receiving this letter to inform you that, due to the close proximity of your property to the works, you are within an area which may experience some noise disturbance overnight. We are aware of the issues created by night working and will endeavour to keep noise levels reduced whenever possible.

For your safety and that of our workforce, we are unable to guarantee vehicular access to and from your property during the road closure. Should you need to make an essential journey, please contact a member of the workforce on site in advance and they will be able to advise if they can accommodate your request. Pedestrian access will be available at all times.

Director of Universal Services
Patrick Blogg

In order to help us to complete the work as quickly as possible, please ensure that no vehicles are parked on the road on the days of the resurfacing. **Please be aware any vehicles left parked on the road that prevent the works taking place, face the risk of being removed.**

For further details of how the road closure may affect your access please visit our website – www.hants.gov.uk/roadworks.

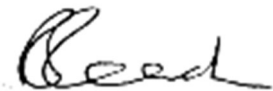

Thank you for your co-operation and if you need more information regarding these works, you can by using any of the options below.

Visit One.Network – [Causeway one.network](http://Causeway.one.network) which is where our planned works are published and is an independent platform that allows real-time monitoring of all the UK's roadworks and diversions.

Scan the QR code below.

If you ever need to report a problem with the roads, you can do so by visiting www.hants.gov.uk/roadproblems and then clicking on 'Find out more' on the 'Roadworks or road closure issues' square.

Yours faithfully,

Planned Maintenance Team
