# TOTTON & ELING TOWN COUNCIL

## MISSION STATEMENT

**Totton & Eling Town Council is one of the largest most progressive Town Councils in the UK.**

Working side by side with the community through transparency, respect and innovation the Council aim to ensure a thriving Town which is a healthy, vibrant and a safe place to live, work and visit.

Focusing around our chosen core values the Town Council is committed to providing beneficial, high standard and value for money services for our residents, via a straightforward, responsive and empathic approach.

An ambitious and committed team of both Councillors and Officers strive to successfully deliver our many facilities, meeting with local needs, whilst celebrating and promoting the cultural and historical heritage of our Town.

We are committed to, and unwavering in, obtaining a better Town environment for both this and future generations. Through carbon reduction, nature development and attentive inclusion of the community, we hope to develop a unique, well-cared-for modern town with accessibility to all.

Representing the needs of the community we aim to, through our 5 year strategic plan, strengthen communication and stimulate community links which will give a strong and independent voice for Totton & Eling. We take precedence in our ability to develop and actively encourage pride in our Town, and its natural beautified areas.

We are dedicated to nurture, grow and drive forward our Town's welcome, together with the importance of both residents' and businesses' wellbeing. An important part of our wellbeing ethos is to communicate focused help, aid and support available to all in our area.

We listen to improve, as understanding is the key to a change for the better!

# MAP OF TOTTON & ELING TOWN COUNCIL CONSTITUENCIES

## **Introduction**

Welcome to Totton and Eling Town Council. This is our Strategic Plan – it sets out what we are going to do over a rolling year period of five years and is a statement that we must be a Town Council that is relevant and responsible. The Plan takes into account the issues facing us and our ability to respond with the resources available. It makes clear there will be choices, and how the Council will decide which to prioritise.

The Plan has been approved by your Town Councillors. It is essentially a planning tool to assist us with the practical decisions we have to take when we meet bi-monthly, supported by a review process that helps us look back on our performance. By publishing our Strategic Plan, we can help those who live, work or visit the Town see what we are doing on their behalf. The Council has devised pillars or themes that will be referred to in the plan and will form the basis for the Council's strategic aims and will comply with its code of conduct and Nolan principles, which include selflessness, integrity, objectivity, accountability, openness, honesty and leadership.

## **Context**

This is our first Strategic Plan, prepared at a time of austerity across society when all organisations that provide services to the community, be they public, private or voluntary are facing cost pressures and resource restrictions. The emphasis is on value for money, efficiencies, collaboration and accepting that some things just will not get done. Through a planning process though, we can have a shared vision and direction, protect what is important and consider new ways of implementing progress. The ambitions and projects included in this plan have been approved, in principle, by the Council as areas to support and resource. All projects/ambitions, which the Council feel best meet with local needs and priorities, will be kept under review and will be amended and updated as circumstances change. The Town Council have recognised the importance of establishing a Mission statement, and set of core values, which are reflected in the plan, and which are at the heart of how we operate and conduct Council business.

Totton and Eling Town Council, as the first tier of Local Government, is uniquely situated to provide the forum for understanding and supporting the needs of this community.

It provides advocacy on behalf of its residents, uses linkages to other organisations to bring in services, or directly procures them itself. Liaison with New Forest District Council happens at all levels, and there are also association to health and social care as well.

Day-to-day, the Council will seek solutions for the community, looking for skills and volunteers to make improvements to our surroundings or bringing particular neighbourhood issues to local attention to promote a better quality of life for all.

Above all your Town Council is here to help, support and encourage. This Plan tells you how.

## **The Planning Cycle**

Planning (and performance) is a continuous process of gathering and assessing information, formulating actions, *doing them*, and then reviewing performance and gathering again.

Once specific actions are agreed to deliver this Plan, they are entered on the Actions/Task Register, which is monitored at every weekly meeting by the Town Council's Senior Leadership Team and also at monthly meetings held with the Committees Chairs.

## **Association**

This plan is linked very closely to the allocation of resources – mostly financial, but people's time and energy too. Our finance is mostly derived from the Council Tax system, which follows the financial year April to March. Our precept, or 'demand', placed upon the Council Tax system has to be declared by January each year, in order that New Forest District Council can calculate the overall tax collection sums for each eligible household and produce the billing required. Other income is sourced through service provision.

## **Key dates**

Therefore, this Plan will be monitored and updated, allowing it to evolve as the budget is also prepared, for final precept calculations in November. The Plan cycle will run from April to March, to match the funding available, and will be reviewed at monthly Chairs of Committee and Senior Management Team meetings to assess achievements in the previous cycle, and progress in the current one.

## **What is a Town Council?**

A civil Town or Parish is an independent local democratic unit for villages, Towns, and suburbs or urban areas. Each Town/Parish has a Parish (or Town) meeting consisting of all its local government electors and most (where the electorate exceeds 200) have a Parish or Town Council. Over 13 million people live in such parishes, with approximately 30,000 in the Town of Totton and Eling. The Town Council is supported by Officers employed within each service area to deliver both the Council's services and policies, together with ensuring decisions are implemented appropriately.

The Town Council is a local authority. Its Councillors are elected for four years at a time in the same way as for other Councils. Bye-elections may be held to fill vacancies occurring between elections, or members may be co-opted onto the Council if no election is called. The Council is the corporation of its Town in the New Forest area, it covers the Town of Totton and Eling. In May each year the Councillors choose a Chairperson and Vice Chairperson from amongst their number. In Totton and Eling, there are 20 Councillors who make up the Town Council, which employs a Clerk to manage administration and the day-to-day running of the Council and its facilities. The Town Council will adhere to good governance and best practice via its adopted and published policies/procedures and act in the interests of local people in making representation.

## **What can we do?**

### **Powers and Duties**

Town Councils have a number of formal powers, set out in a wide range of legislation. A duty is something that a Council must do, a power is something that it may do, if it so decides. A Town Council cannot do anything that is not permitted by law.

The Town Councillors know the Town and can now (and increasingly often do) represent their views directly to other authorities like the District and County Council at its Area Boards, Health Authorities, Police and Fire Authorities meetings.

They are entitled to be consulted on planning applications, which include work to listed buildings and on proposals in conservation areas and are often consulted on such things as schools and roads. They put the Town's case at public inquiries.

There is the power to create a Neighbourhood Plan which allows local people to get the right development for their community, but the plans must still meet the needs of the wider area.

## **Accountability**

You elect its members every four years – the next time will be May 2027 – and you are entitled to attend the Annual Town meeting between March and June each year and to say what you think. You can also go to every meeting of the Town Council and meet the Council members, listen to their business, and participate during the time especially set aside for that purpose at the start. The accounts are strictly audited every year and published.

You can find out more about what we do, how we do it, and our meetings on the Town’s website at <http://www.tottoneling-tc.gov.uk>

## **What do we do?**

The Town Council provides a number of direct services to the community and acts as custodian to a number of assets held in the ‘public name’ and provide the following services:

Allotments	Parks & Open Spaces	Outdoor paddling pools and splash park	Leisure & sports facilities
Halls for Hire	Public conveniences	Memorials	Public notice boards
Boat moorings	Bus shelters	Community safety warden	Heritage site and café
Skate park	Cycle track	Town benches	Walking routes

Although New Forest District Council is the Planning Authority, the Town Council is consulted on each planning application made in the Town. Councillors consider planning applications at their meetings and inform New Forest District Council of their views and recommendations.

At each meeting of the Council, reports from a variety of Town organisations are received, and Councillors seek to provide support where necessary or requested in order that local groups can continue to thrive.

Each meeting considers issues for our communities such as planning (for example, housing, change of use or tree felling) crime and community safety, facilities for all generations, or items of maintenance in the 'public realm' that need reporting to appropriate authorities. The Council can act as advocate for residents, a conduit for communicating information, and will liaise with appropriate departments of other public authorities to ensure that views, comments and necessary actions are dealt with.

## **What we achieved in the last year**

Between 2023 and 2024, we have achieved a wide range of improvements, both to the way we work, and to the community we serve. These are listed later in this document.

**Established** policy reviews and formulation such as Equal Opportunity, Members and Officers Best Practice, Annual Leave and a General Reserves Policy are but a few actioned during 2023/24.

**Considered:** planning applications, grant applications, activities, events, legislation, projects, most of which were supported by the Council together with policies and procedures.

## **What do we want to do next?**

The Town Council has worked through the Town's Committees and Group's findings and has developed a 5-year Strategic Plan. This plan has been built around our Mission Statement, Core Values and public consultation. As a live document it will be expanded and evolved as it develops.

The table attached sets out the Strategic Plan adopted by the Council, and which will be implemented over the next five years:

## 5 YEAR PLAN

### WELLBEING, HEALTH & SAFETY – Supporting life satisfaction, achievement and security.

Ambition	Council Committee/ Department	Timescale	Success would be	Progress At: 29/04/26
<b>Formulation of a Youth Council</b>	Wellbeing Group Policy & Resources Committee	0 – 1 year	To implement and support a well-attended Youth Council, encouraging good communications with the Council and for young people to take part in the democratic governance of the Town.	First school visit by appointed Councillors took place in October 2024. Various ideas were discussed, including a return visit for Councillors to address the School's Youth Council. A list of Youth contacts is presently being compiled, with a view to the Town Council arranging a meeting with those Young people. This is to be tied in with obtaining youth

				input on the neighbourhood Plan. On-going.
<b>Resident's Forum</b>	Wellbeing Group Policy & Resources Committee	0 – 1 year	Giving residents a voice and allowing them to advise the Council of issues, and requests. Additionally, providing feedback to the public, will enhance communication, confidence and thus provide a better place to live and work. A further meeting was held in July to discuss the formulation of a masterplan framework which was presented and approved at Full Council on 31.07.24. Next partnership meeting is scheduled for June 2025. Further discussions on the proposed LCWIP waterside document and the ‘barriers to walking and cycling’ survey were</p>

				<p>held at the Planning meeting in December 2024. The proposed draft masterplan is to go out for public consultation in January 2026. Next partnership meeting is scheduled for April 2026. Further meetings with HCC are scheduled to discuss more immediate concepts. The final draft masterplan is being formulated for approval.</p> <p>On-going</p>
<p><b>Better access to public transport</b></p>	<p>Planning Committee</p>	<p>0 – 5 years</p>	<p>Better public transport would provide people with access to essential services, employment and improved social integration. Additionally, it will reduce congestion and air pollution and offer a more affordable transport option.</p>	<p>The Council have an objective to work toward increasing the public transport in the Town to develop better quality community and equitable mobility.</p> <p>On-going</p>

<b>Increased and improved long term free parking in the Town</b>	Planning Committee	0 – 5 years	More available long term free parking would produce increased foot traffic, a strengthened local economy, together with attracting more visitors and improved accessibility to public services, recreational facilities and health care.	The Planning Committee are examining options to improve the long-term free parking in the Town, which will not only improve the versatility of parking choices but assist in eliminating on-street parking issues for residents. Work is proceeding with the District Council for assistance in delivering better parking. A letter of objection to the increased parking and parking clock charges was sent to NFDC from the Town Council in December 2023. A petition from residents objecting to the parking fees/clock charges has been collated and was sent to the District Council for consideration in mid- February 2024. The District Council have asked for consultation on
--	--------------------	-------------	--	--

				<p>a proposed District wide car parking strategy from residents, businesses and partnerships in the New Forest area for completion in approximately May 2025. This will be formulated via three phases, with the first two by 1<sup>st</sup> December 2024, and later in regard to a draft proposal in approximately mid 2025. This has now been postponed due to the imminent Local Government Reorganisation. A request for additional long term and free parking in the Town has been requested by the Town Council as part of the response to the proposed Masterplan for Totton. The Council are initiating car parking surveys to establish car parking usage. On-going</p>

<b>Regeneration of the Town</b>	<p>Clerk Officers Councillors District/County and partnerships</p>	1-5 years	<p>Totton is in need of regeneration. This regeneration could offer improvements to both infrastructure, facilities and provide for the Town to become more aesthetically pleasing.</p>	<p>Meetings of the Regeneration partnership Group have been held. A draft masterplan was discussed further in July 2025 and will be further progressed for presentation at the next meeting in October 2025. A meeting was held in January 2026, with a further meeting scheduled for April 2026. The Town Council has submitted full response with regard to both the masterplan content and CIL projects incorporated within the plan. Masterplan final draft is being prepared.</p>

<p><b>Devolution Group formulation</b></p>	<p>Clerk Councillor</p>	<p>0-1</p>	<p>A devolution group is to be formulated to meet and discuss the impact of the forthcoming LGR.</p>	<p>A Council Devolution Group has been formulated and it is anticipated that its first meeting, will take place in August 2025. The first Town Council Devolution group meeting was held in August 2025 a further meeting is to be held in October 2025. January 2026 meeting was held, and the next meeting will be scheduled when more information is available.</p>
<p><b>Community Safety Forum formulation</b></p>	<p>Clerk Councillors</p>	<p>0-1</p>	<p>It has been suggested that the Town could benefit from a Community Safety Forum to aid in the prevention of crime and implement actions to allow residents and businesses to feel more safe and secure in their living and working environment.</p>	<p>A Council Community Safety Forum is in the process of being formulated and it is anticipated that its first meeting inclusive of invited relevant partnerships, will hopefully take place in 2026.</p>
